

INSULATION PRODUCTS

Robust design ensures our systems provide dependable long-term performance and reliability in the most demanding operating environments for the application of variable product information such as; product name, description, date, time, shift, count & batch codes, dimensions, specification, CE marking, as well as industry and company logos.

TYPICAL APPLICATIONS INCLUDE;

- | | | |
|---------|----------|------------------------|
| ✓ Matt | ✓ Panels | ✓ Expanded Polystyrene |
| ✓ Rolls | ✓ Foams | ✓ Films |
| ✓ Slabs | ✓ Foils | ✓ Packaging |

FEATURES AND BENEFITS OF THE RANGE INCLUDE;

- ▶ Standardise on equipment across the plant irrespective of the product, application or substrate. In response to the changing requirements of the industry, we offer a solution to all product coding and marking processes
- ▶ Small & large character printing from a single print head with the facility to apply multiple lines of information as well as high resolution text, graphics and logos.
- ▶ High print speeds across all fonts with no depreciation on character height or format
- ▶ Print heads can be mounted in any orientation and the position adjusted without incurring downtime for cleaning, re-priming or re-aligning jets
- ▶ Extensive range of ink types and colours to suit all applications including options for bulk ink supply units to minimise changeovers and reduce operating costs
- ▶ Operate single or multiple printheads from one controller for applications over one or more production lines
- ▶ Compact modular design provides flexibility on installation ensuring easy integration at the production line, with plug'n'play connections for quick changeovers (i.e. for moving heads between production lines)
- ▶ Excellent throw distance ensures high print quality is achieved without positioning the head within close proximity of the product
- ▶ Systems can operate stand-alone or networked to a PC, PLC or other devices
- ▶ User friendly & uncomplicated design minimises maintenance requirements ensuring sustainability at site level

With over **40 years industry experience**, and as a leading supplier to operations within harsh production environments we have established long-term relationships based on the reliability and flexibility of our systems, as well as our after sales service and support.

For more information on our range of solutions, an evaluation of your own product marking requirements, print samples or on-site demonstration, please contact one of the team.
